**NET MARKETING CONSULTING GROUP PROMISES TWO SEARCH ENGINE
PLACEMENTS IN TOP 20 RESULTS WITHIN 6 MONTHS.**

Today, NET Marketing Consulting Group announced a bold new program that guarantees businesses two of the top 20 placements on search engine results in only six months.

Using their proprietary SEO strategies, NET Broadcasters promise to gain these coveted placements, going so far as to offer 25 percent off the client's next month's billings if the results don't appear after the six-month trial is over. NET states that billings will remain discounted by 25 percent until they pull in those top two placements.

According to NET Marketing Consulting Group, organic search engine optimization is a tedious process that takes much time, thought, and attention to detail, but in the long-run is much more effective than any paid search campaign—and of course, much cheaper. That means a lot to businesses trying to get noticed in today's economy. For more information about the Two in Twenty Program, contact Nicholas Trimarche at 407-352-3238.

NET Marketing Consulting Group is a marketing consultancy specializing in Non-Advertising™ & Internet Brand Penetration, Branding, Marketing, and Real Estate Marketing Solutions. The company is located at 7380 Sand Lake Road in Orlando, Florida. For more information, visit netmcgroup.com or call 407-352-3238.
